

IRMA

Initiative for Responsible  
Mining Assurance

# IRMA is live.

**Join us for a complimentary hot breakfast (during African Mining Indaba in Cape Town, South Africa) on Thursday 7 February to learn more.**

The Initiative for Responsible Mining Assurance is an answer to global demand for more socially and environmentally responsible mining.

Now, mines can self-assess performance against the IRMA standard. IRMA-trained independent auditor verification and recognition of achievement arrive in May 2019. IRMA aims to provide accountability and value for all.

**Leaders of the IRMA Steering Committee and Secretariat will highlight opportunities to work across stakeholder sectors for greater value for all.**

IRMA welcomes mining companies, mine operators, purchasers of mined materials, civil society groups, investors, government representatives, academics, international institutions, insurance companies and other stakeholders.

**Where:** Protea 1 & 2  
Southern Sun The Cullinan Hotel  
1 Cullinan Street, Waterfront, Cape Town

**When:** Thursday morning, 7 February  
Mingle from 7:30am to 7:45am  
Program from 7:45am - 8:45am
