

Announcement: Minas Rio Mine Onsite (Stage 2) IRMA Assessment

SCS Global Services (SCS) announces the commencement of a third-party independent assessment of Anglo American's Minas Rio Iron Ore Mine against the [Initiative for Responsible Mining Assurance \(IRMA\) Standard for Responsible Mining](#). The Mine is located at Rodovia MG-10, Km 186 s/n Zona Rural, Conceição do Mato Dentro, Minas Gerais, Brazil. SCS, an IRMA-approved certification body, will carry out an on-site assessment from December 9-12, 2021.

Stakeholders are invited to be part of the assessment process and submit written comment to SCS on the environmental and social performance of the Minas Rio Mine (in particular, how the performance of the Mine site compares with the IRMA Standard for Responsible Mining). Stakeholders may also contact SCS if they would like to be interviewed as part of the assessment process. When possible, interviews with local stakeholders will be scheduled to take place during the on-site audit and may be virtual or in-person, taking into consideration COVID-19 precautions.

Please register as a stakeholder to be notified as more information about the Minas Rio IRMA assessment becomes available. To register, submit questions or comments, or request to be interviewed as part of the assessment process, please contact SCS, details below. Comments will be kept confidential upon request.

SCS is an IRMA-approved certification body with head offices in Emeryville, California. For more information about SCS go to www.scsglobalservices.com.

For more information on the IRMA mine site certification process, [see IRMA Certification](#). If you have concerns about the IRMA mine site assessment process, or the requirements in the IRMA Standard, access IRMA's Issues Resolution System on the IRMA website: [Initiative for Responsible Mining Assurance](#). Comments will be kept confidential upon request.
