

INITIATIVE FOR RESPONSIBLE MINING ASSURANCE
PARTICIPATION AGREEMENT

BETWEEN

("The Participant")

AND

THE INITIATIVE FOR RESPONSIBLE MINING ASSURANCE

Whereas the Initiative for Responsible Mining Assurance (Hereinafter "IRMA") is an independent not for profit organization founded in 2006 by a coalition of nongovernmental organizations, businesses purchasing minerals and metals for resale and other products, affected communities, mining companies and trade unions; and

Whereas IRMA seeks to improve the environmental and social performance of mining operations through the multi-stakeholder development of a best practices Standard for Responsible Mining (the "IRMA Mining Standard"), as well as a system to independently verify the implementation of those standards; and

Whereas The Participant has voluntarily submitted a mine site for an independent third-party assessment against the IRMA Mining Standard to be conducted by an external auditing firm (the "Certification Body"); and

Now therefore the parties agree to the following agreement which shall govern the relationship between IRMA and The Participant during the course of the third-party, independent assessment and related or subsequent audit activities. Note, for the purpose of this agreement, the words "audit" and "assessment" are used interchangeably to mean the same thing.

APPLICATION FOR MINE SITE ASSESSMENT

1. The Participant agrees to complete and submit the IRMA Application Form for Independent Mine Assessment provided at <https://responsiblemining.net/resources/#independent-3rd-party-assessment>
2. The Participant agrees to pay the IRMA Audit Participation Fee, in accordance with the IRMA Audit Participation Fee Policy provided at <https://responsiblemining.net/resources/#independent-3rd-party-assessment>
3. The Participant agrees to complete a self-assessment using the IRMA Mine Measure self-assessment prior to commencing a third-party, independent audit. More information about the self-assessment can be found here: <https://responsiblemining.net/what-we-do/assessment/#self-assessment-audit-preparation>
4. The Participant acknowledges and agrees that it has read and understood the requirements as set forth in the IRMA Mining Standard and accepts those principles are aimed at promoting best practices for responsible mining.
5. The Participant agrees to execute an agreement with an IRMA approved Certification Body to carry out the third-party, independent mine site assessment. A list of approved Certification Bodies is provided at <https://responsiblemining.net/resources/#independent-3rd-party-assessment>. The Participant agrees it shall be responsible for all audit costs to be agreed with the Certification Body and reasonably incurred expenses associated with the audit conducted by the Certification Body.
6. The Participant understands that the third-party, independent mine site assessment may include review of evidence and audit material provided by the audited facility; observations of the site, industrial processes, and activities at the site; observations of the physical nature of the surrounding area; collection of objective and subjective information from facility staff, employed and contract workers, government officials, and community members for verification purposes; preparation, review and publication of outcomes, including the publication by IRMA of an audit report summary on IRMA's website ("The Purpose"); and communications or activities that specifically relate to the assessment that might occur outside formal assessment activities.
7. The mine assessment typically covers a single mine site and its related facilities including ore processing, refining and smelting, if those facilities are co-located with the mine. The Participant is invited to contact the IRMA Secretariat to request an exception or modification to expand the scope of an assessment. The Participant agrees, however, that IRMA reserves the full right to determine the scope of the mine assessment.
8. The Participant acknowledges that it has received a copy of the IRMA Assessment Manual for Mines, provided at <https://responsiblemining.net/resources/#independent-3rd-party-assessment>,

which sets out the assessment process in detail, including the expectations necessary to meet and maintain IRMA achievement levels.

COMMUNICATIONS AND CLAIMS REGARDING THE MINE ASSESSMENT

9. The Participant agrees that upon commencement of the independent, third-party audit by the Certification Body, IRMA is entitled to publish a public notice announcing that the participating mine site is being audited so that mine stakeholders are aware of the audit and have the opportunity to participate in the assessment process.
10. The Participant agrees that the public notice may reference a general description of the scope of the assessment including the name of the site, the name of the operating company, the name of the parent company (if relevant), materials mined, a list of operations and facilities to be assessed and the proposed chapters from the IRMA Mining Standard to be included or excluded in the scope of the assessment.
11. The Participant agrees that the mine site location and the name of the mine site, the name of the operating company, the name of the parent company (if relevant), the materials mined, and contact information may be published on the IRMA website concurrent with the public notice announcing the initial mine site assessment. The Participant also agrees that the mine's profile on the IRMA website may be updated by IRMA with information regarding the status of current and future mine site assessments and a downloadable version of the most recent public summary audit report.
12. The Participant agrees that, at all times, it shall comply with the IRMA [Communications and Claims Policy](#). The Participant also agrees to provide advance drafts to the IRMA Secretariat of any press releases announcing the assessment or announcing the successful completion of the assessment, to ensure that any claims are accurate prior to publishing the press release.
13. The Participant recognizes that the IRMA Logo and all IRMA Trust Marks remain the property of IRMA and may not be used except in accordance with the IRMA [Communications and Claims Policy](#).
14. IRMA recognises that it has no rights to use any logos or trademarks of the Participant or any of its affiliated entities ("Participant Marks") without the prior written consent of the Participant, and that any such Participant Marks remain the property of the Participant or its relevant affiliate(s). The Participant grants IRMA permission to use its Participant Marks on the IRMA website to describe the mines under assessment or assessment activities.

PARTICIPATION AND ACCESS TO INFORMATION DURING THE ASSESSMENT

15. The Participant agrees that in order to ensure the quality of the audit, the IRMA Director of Standards and Assurance, Assurance Services International (ASI), or a separate internationally-recognized, assurance body approved by IRMA which has comparable independence and level of conduct as Assurance

Services International approved by IRMA shall have the right to carry out assurance oversight activities and shall, upon request, be granted permission to review documentation, records, evidence, stakeholder input and other sources taken into account and produced during the audit process, including the draft audit report. Further, the Participant agrees that either (i) the IRMA Assurance Director or designated representative, (ii) Assurance Services International or (iii) a separate, internationally-recognized assurance body approved by IRMA which has the same degree of independence and level of conduct as Assurance Services International, to carry out assurance oversight activities (a “third party provider”), may, with reasonably provided written permission of the Participant, have access to relevant facilities and equipment location(s), to the extent reasonably necessary for the purpose of observing the audit conducted by the Certification Body. IRMA requires all persons supporting the assurance process on behalf of IRMA to agree to maintain confidentiality and abide by IRMA’s conflict-of-interest procedures. IRMA acknowledges and agrees that any third party provider shall be bound by written confidentiality obligations no less stringent than those contained in this Agreement.

16. The Participant acknowledges that if a complaint is received regarding the performance of an IRMA-approved Certification Body (including from the Participant), that an Assurance Committee (or equivalent independent body) consisting of members approved by the IRMA Board of Directors shall review the complaint. The Assurance Committee shall act independently, fairly and without conflict of interest in respect of the complaint, the Participant or the Certification Body. The Assurance Committee shall have access to review documentation, records, evidence, stakeholder input and other sources considered and produced during the audit process, including relevant sections of the draft audit report. IRMA agrees that IRMA Assurance Committee members shall sign a confidentiality and non-disclosure agreement and a conflict-of-interest declaration.
17. The Participant agrees to abide by, or conduct themselves consistent with the principles of, IRMA’s [issues resolution procedure](#) in response to a complaint filed with IRMA involving the mine site and its participation in the IRMA assurance process.
18. The Participant acknowledges that during the audit, the audit team of the Certification Body is required, by IRMA, to carry out interviews with mine site staff, mine workers, contractors (if relevant), and mine site stakeholders for the purpose of conducting the audit.
19. For worker and contractor interviews (if relevant), the Participant agrees to:
 - a. Upon request and as allowed by governing law, the applicable law in the jurisdiction of, or governing, the mine site and any relevant agreements with the workers or contractors (or any body, organisation or legal entity representing workers or contractors), provide auditors with a list of workers’ names and job classifications, including workers employed by contractors (if relevant), to enable them to develop a sampling of

workers to interview. Disclosure of any such worker information may occur during the on-site portion of the audit.

- b. Permit, but not to require or force, workers to participate in those interviews.
- c. Permit interviews to take place without the Participant (or any company representatives, including site management and contractors) present unless the Participant is required by applicable law, regulation safeguarding or contractual obligations to provide a chaperone or legal representative, in which case the Participant will be entitled to comply with the requirement and IRMA, to the extent applicable, will cooperate with such requirements.
- d. Neither threaten retribution for participation in interviews, nor coerce, coach or incentivize workers to provide particular responses to audit questions.

20. For stakeholder interviews, the Participant agrees to:

- a. Upon request, provide auditors with a list of stakeholders with whom the mine has been in contact except for those stakeholders who have expressly requested to remain anonymous, or where prohibited by applicable law in the jurisdiction of, or governing, the mine site or any applicable agreements.
- b. Permit stakeholder interviews to take place without the Participant (or any company representatives, including site management) present, regardless of whether stakeholders were identified by the Participant or identified independently by the Certification Body unless the Participant is required by applicable law, regulation safeguarding or contractual obligations to provide a chaperone or legal representative, in which case the Participant will be entitled to comply with the requirement and IRMA, to the extent applicable, will comply with such requirements.
- c. Neither threaten retribution for participation (or non-participation) in interviews, nor coerce, coach or incentivize any stakeholders to provide particular responses to audit questions.

21. For the purpose of this clause 21, “**Confidential Information**” means all information or material produced, exchanged or otherwise derived during the audit and the Participant’s participation in the IRMA assurance process, whether prior, on or after the date of this Agreement, which contains trade secrets, competitively sensitive, commercial and/or financial information, including, but not limited to, the examples set forth in IRMA’s Confidentiality Policy, or is otherwise claimed as confidential by the Participant to IRMA personnel, agents or representatives during the course of the audit (but for avoidance of doubt, does not include personnel, agents or representatives of a Certification Body or Assurance Services International who shall remain the responsibility of such parties respectively). With respect to all Confidential Information, both IRMA and the Participant shall (i) follow all applicable

domestic data protection and privacy regulations relevant to the mine site's jurisdiction and (i) protect and keep all Confidential Information confidential, as more fully described in sub-clause (c) below. Both parties acknowledge that for the Purpose, they may have direct or incidental access to or otherwise discern Confidential Information from the other party during the audit process.

- a. For the purpose of this document, Confidential Information does not include information: (i) from the time it becomes available in the public domain through no breach of the terms of this document or other duty of confidence, including the permitted disclosure of the audit summary as set out in sub-clause (c); (ii) already known by the recipient of the information prior to disclosure under this document except where that disclosure occurred as a result of a breach of confidence; or (iii) if the recipient can reasonably demonstrate with tangible documentary evidence that it was independently developed by the recipient. In addition, the existence of this document are not considered to be confidential information.
- b. The obligations in this section apply to all methods of disclosure of Confidential Information, including but not limited to writing, computer software, oral representations, demonstrations, or other means.
- c. Each party agrees to: (i) protect and keep the Confidential Information of the other party confidential and secure using the degree of care used to protect its own confidential information, but never less than a reasonable degree of care; (ii) only disclose the Information of the other party to its employees, contractors, affiliates, and advisors, including the mentioned audit team, in each case, who require access to the information to carry out the Purpose, provided that it provides the other party with prior written notice of the need to disclose and the Confidential Information it proposes to disclose; (iii) comply with the reasonable directions of the other party and any applicable laws regarding the treatment of its information (including security and privacy requirements as required by law); and (iv) only use the Confidential Information of the other party for the Purpose.
- d. Each party is responsible for ensuring that any employee, contractor, advisor, or other third party to which they disclose any Confidential Information of the other party is aware of the need to maintain that Information's confidentiality and subject to confidentiality obligations no less stringent than the terms of this agreement.
- e. Despite clause (b), a party may disclose the Confidential Information of the other to the extent they are compelled to do so by law or the rules of any recognised securities exchange provided that it reasonably endeavours to do so in confidence, limits the disclosure to what is legally necessary and provides the other party, to the extent permitted by

applicable law, prior written notice of the circumstances of required disclosure and of the Confidential Information it proposes to disclose, and opportunity to take any steps available to it requested by the other party to protect the confidentiality of the Information.

- f. This document applies to the Confidential Information of any related body corporate, employee, contractor or other party related to the party disclosing information. Each party holds the benefit of this document in trust for its related parties and, without limiting the independent rights of those related parties, each party agrees that the other party may enforce this agreement in respect of that information as if that information was that party's own information.
- g. Any waiver of confidentiality provisions must be in writing signed by the disclosing party. A failure or delay in exercise or partial exercise of a confidentiality provision will not result in a waiver of that provision.
- h. Both parties acknowledge that any breach of this confidentiality provision may cause injury to the damaged party for which monetary damages would be an inadequate remedy and that in addition to remedies at law, the damaged party is entitled to equitable relief as a remedy for any such breach.
- i. Agreements with certification bodies contracted for the Purpose of IRMA assessments may not limit the sharing of information by the site with the Certification Body to less than that required by IRMA policies and procedures or this agreement. The Participant shall endeavour to ensure that any conditions related to confidentiality agreed or applicable to the Certification Body will not contradict IRMA's Confidentiality Policy.

THE AUDIT REPORT

- 22. The Participant agrees that the Certification Body shall be required to develop a draft audit report in accordance with the requirements of the IRMA assurance process, which shall contain, at a minimum, information about the mine site, information on the number and types of interviews conducted by the auditors (the names of workers and individual community stakeholders interviewed will be withheld), the draft ratings on each relevant requirement and a narrative from the auditors to support the findings. The draft audit report shall also contain the draft scores for each relevant chapter and the four principles in the IRMA Mining Standard and any proposed achievement level.
- 23. IRMA agrees that the draft audit report shall be sent to the Participant for review and comment. The Participant shall have 30 calendar days to comment, identify any factual errors or omissions, or query, in good faith, the ratings and results set out in the draft audit report. In accordance with the IRMA [Assessment Manual for Mines](#), following the initial IRMA audit, the Participant may choose to publicly release their results immediately, or may

take up to 12 months to take corrective action before an achievement level decision is made and the audit results are publicly released.

PUBLIC RELEASE OF THE AUDIT RESULTS

24. Once the Participant and IRMA are satisfied that the audit process is concluded, the Participant agrees that IRMA shall be entitled to publish an audit report summary, which shall include the minimum possible amount of business information as defined in clause 19 above, but excluding any confidential or competitively sensitive information not required for the purposes of the report. The names of key mine site management staff interviewed as part of the audit process will only be included with written permission of the Participant and (where applicable) the relevant individuals. IRMA shall provide a draft copy of the public summary audit report to the Participant, and the Participant shall have five (5) business days to request that any confidential information be redacted prior to the public release of the public summary audit report. IRMA shall subsequently post the public audit report summary on the IRMA website, having considered in good faith any submissions of the Participant and taken those into account insofar as is reasonably possible or practicable, having regard to the IRMA assurance process. The Participant agrees to support a reasonable distribution of the report, including in the local language applicable to the mine site, to accommodate stakeholders that do not have sufficient access to the internet.
25. In addition to IRMA's right to publish, the Participant may choose to publish the full audit report or distribute the full audit report to stakeholders if it so wishes, provided that it complies with the IRMA [Communications and Claims Policy](#).

TERMINATION OF THIS AGREEMENT

26. IRMA or the Participant each retains the right to terminate this agreement with 60 days' prior written notice to the other party in the following circumstances:

agreements, or is found to have intentionally provided false or misleading information.

- f. The site has been excluded from IRMA participation by the IRMA Board of Directors under the [IRMA Policy on Association](#).
27. Prior to the termination of this agreement under paragraph 26(a) above, The Participant shall be given the opportunity to take corrective action in accordance with section 4 of the IRMA [Communications and Claims Policy](#).
28. Prior to the termination of this agreement under paragraph 26(d) above, any allegations of reprisals will be investigated by an Ad Hoc Resolution Committee as per section 4.8 of IRMA's Issues Resolution System Procedure provided at <https://responsiblemining.net/resources/#irma-policies-and-procedures>. That Committee may recommend corrective action or the termination of this agreement.
29. If this Participation Agreement is terminated or the Participant otherwise withdraws from the IRMA Program, the Participant may no longer claim that the mine site is an IRMA achieving mine or is participating in the IRMA process. References to the Participant with respect to participation or audit status will be updated on IRMA's website, and the Participant will be required to comply with IRMA's [Communications and Claims Policy](#). Further, IRMA shall not be responsible for, nor shall IRMA refund any costs incurred by the Participant in connection to its membership in IRMA or the audit process, including the independent assessment fee or any audit costs. If the Participant wishes to re-enter the IRMA third party audit process, the Participant will be required to submit a new application, if allowed by the Ad Hoc Resolution Committee and in accordance with stipulations or other instructions.
